

PACIFIC

RENEWABLES YIELD AG

FY2021 CONSOLIDATED RESULTS

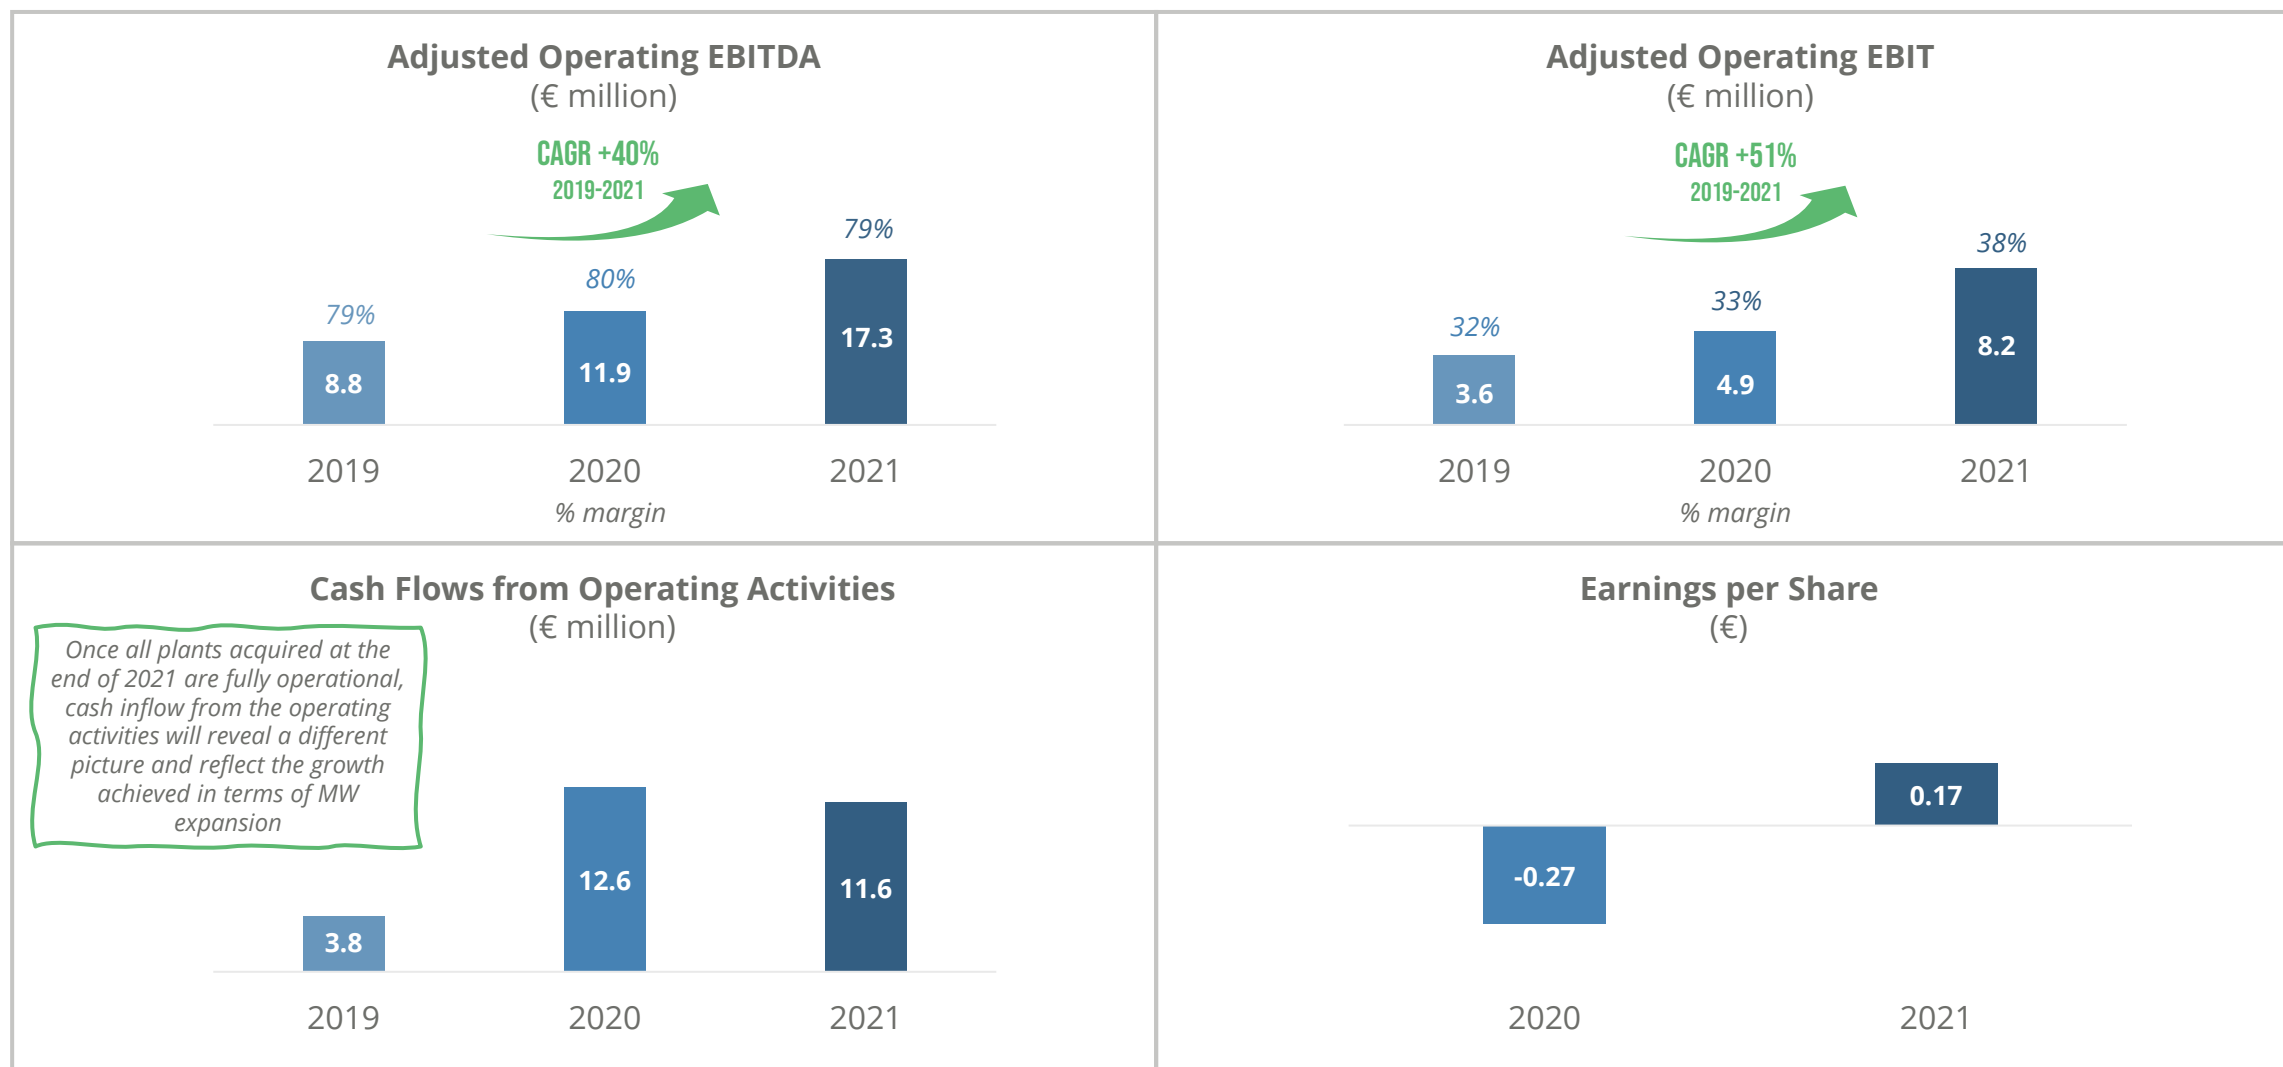

June 2022

Growing topline and increasingly diversified portfolio

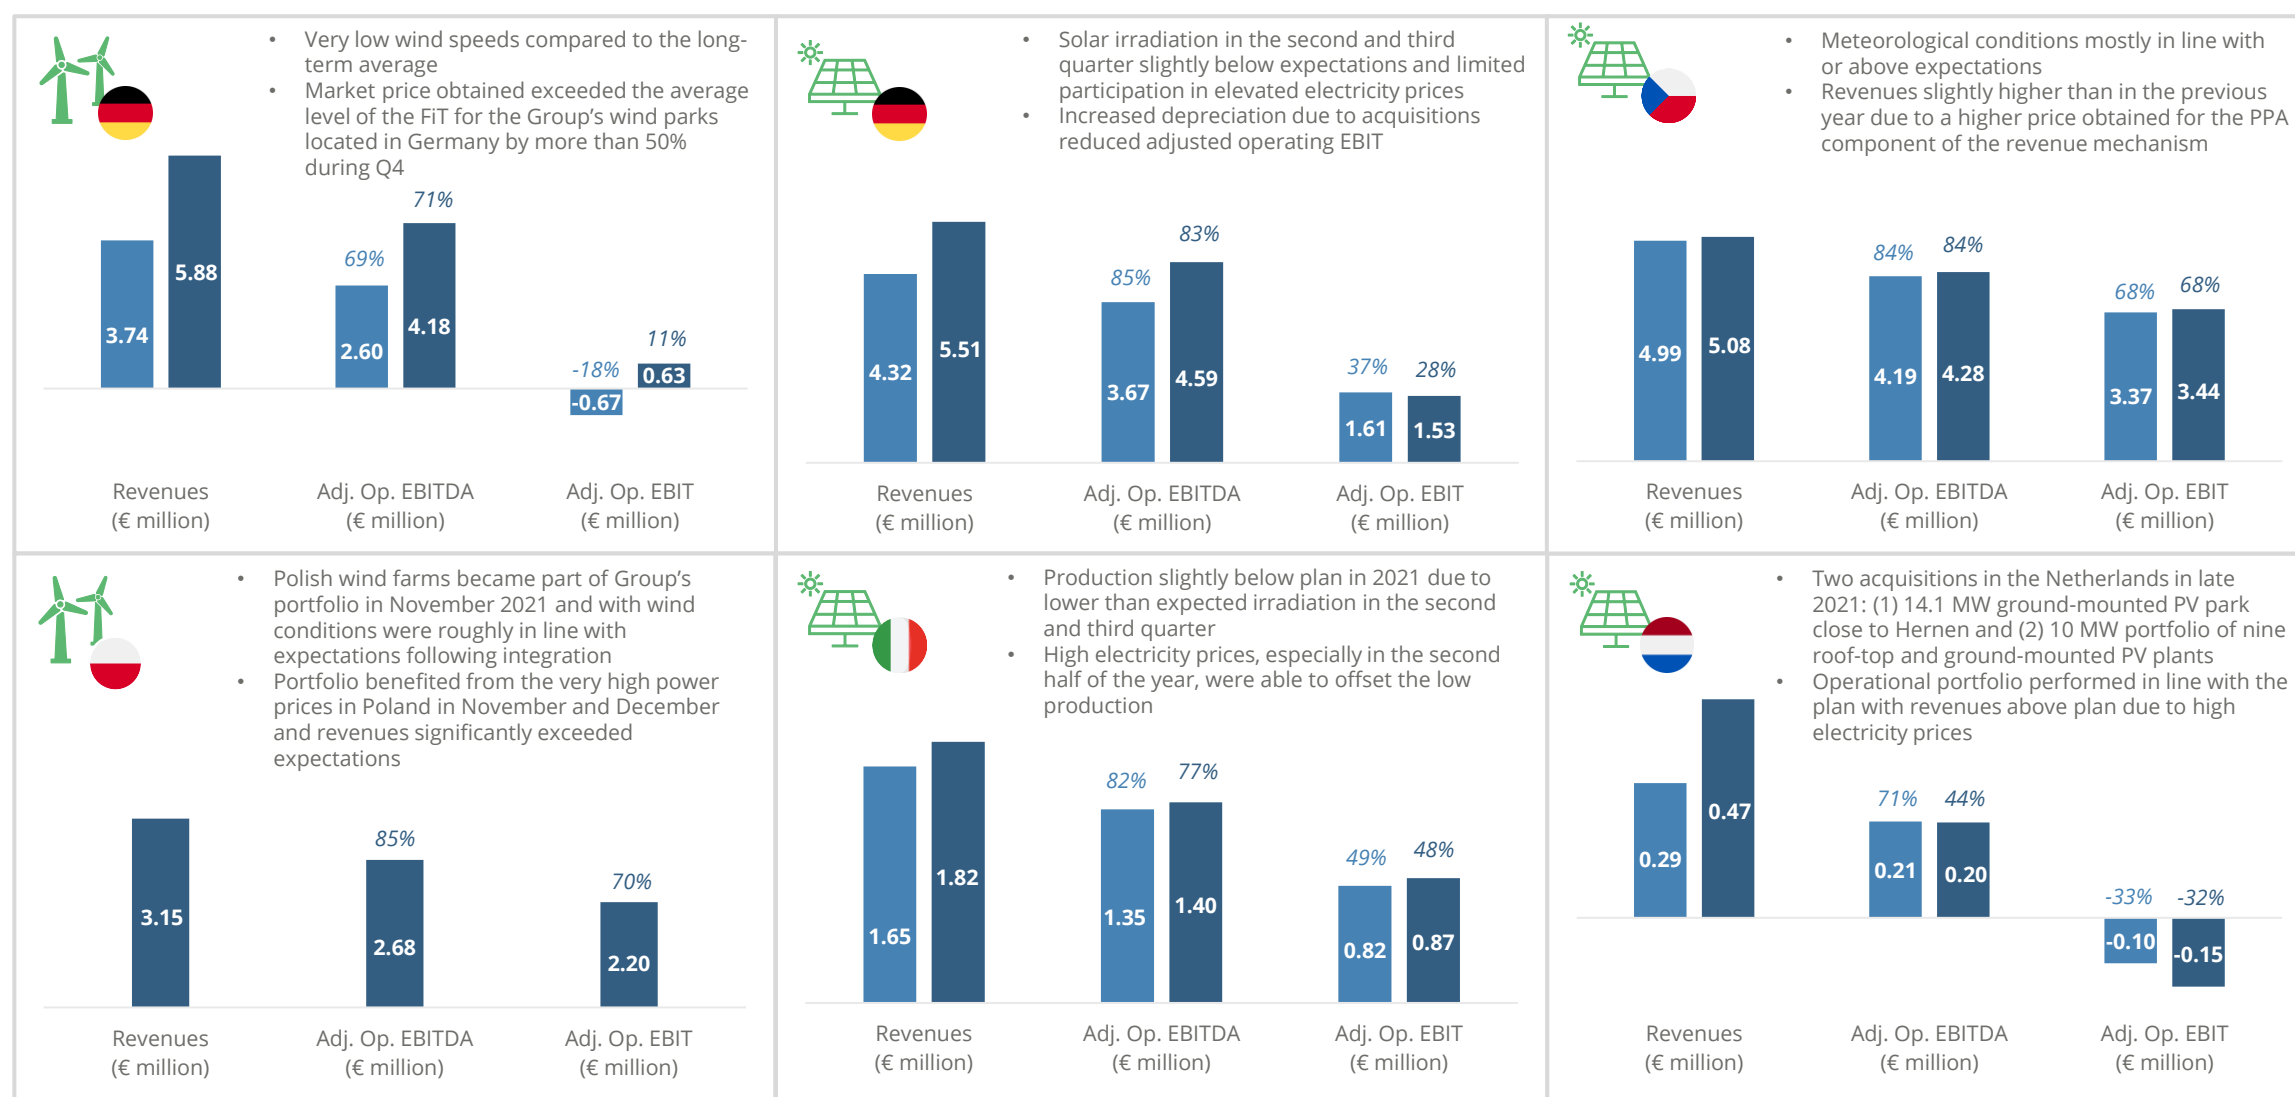

To enhance comparability, revenues for 2019 relate to the Group's portfolio for the full calendar year 2019 and not only to the portfolio's performance consolidated in the 2019 annual report, as the portfolio as of December 31, 2019, was already in operation prior to the economic transition at mid-year 2019. Revenues data for 2021 and 2020 is reported under IFRS accounting principles. 2020 figures have been restated after IFRS adoption and may differ from previous publications.

KPI growth, constant margins and profitability achieved

To enhance comparability, 2019 figures relate to the Group's portfolio for the full calendar year 2019 and not only to the portfolio's performance consolidated in the 2019 annual report, as the portfolio as of December 31, 2019, was already in operation prior to the economic transition at mid-year 2019. Above-listed metrics are determined under IFRS accounting principles for 2021 and 2020. 2020 figures have been restated after IFRS adoption and may differ from previous publications.

Value generation across technologies and regions

■ 2020 ■ 2021 % Margin

This document has been prepared with great care by the team of Pacifico Renewables Yield AG ("Pacifico Renewables" and, together with its subsidiaries, the "Group").

All material contained in this document and information presented is for information purposes only and must not be relied upon for any purpose, and does not purport to be a full or complete description of Pacifico Renewables or the Group. This document does not, and is not intended to, constitute or form part of, and should not be construed as, an offer to sell, or a solicitation of an offer to purchase, subscribe for or otherwise acquire, any securities of Pacifico Renewables, nor shall it or any part of it form the basis of or be relied upon in connection with or act as any inducement or recommendation to enter into any contract or commitment or investment decision or other transaction whatsoever. This document is not directed at, or intended for distribution to or use by, any person or entity that is a citizen or resident or located in any locality, state, country or other jurisdiction where such distribution, publication, availability or use would be contrary to law or regulation or which would require any registration or licensing within such jurisdiction. Persons into whose possession this document comes should inform themselves about, and observe, any such restrictions.

No representation, warranty or undertaking, express or implied, is made by Pacifico Renewables or any other Group company as to, and no reliance should be placed on, the fairness, accuracy, completeness or correctness of the information or the opinions contained herein, for any purpose whatsoever. No responsibility, obligation or liability is or will be accepted by Pacifico Renewables, any other Group company or any of their officers, directors, employees, affiliates, agents or advisers in relation to any written or oral information provided in this document or in connection with the document. All information in this document is subject to verification, correction, completion, updating and change without notice. Neither Pacifico Renewables, nor any other Group company undertake any obligation to provide the recipient with access to any additional information or to update this document or any information or to correct any inaccuracies in any such information. In particular, Pacifico Renewables' strategy and investment principles are subject to change and adjustment to market conditions.

A significant portion of the information contained in this document, including market data and trend information, is based on estimates or expectations of Pacifico Renewables, and there can be no assurance that these estimates or expectations are or will prove to be accurate. Where any information and statistics are quoted from any external source, such information or statistics should not be interpreted as having been adopted or endorsed by Pacifico Renewables or any other person as being accurate. All statements in this document attributable to third party industry experts represent Pacifico Renewables's interpretation of data, research opinion or viewpoints published by such industry experts, and have not been reviewed by them. Each publication of such industry experts speaks as of its original publication date and not as of the date of this document.

This document contains forward-looking statements relating to the business, financial performance and results of Pacifico Renewables, the Group or the industry in which the Group operates. These statements may be identified by words such as "expectation", "belief", "estimate", "plan", "target" or "forecast" and similar expressions, or by their context. Forward-looking statements include statements regarding: strategies, outlook and growth prospects; future plans and potential for future growth; growth for products and services in new markets; industry trends; and the impact of regulatory initiatives. These statements are made on the basis of current knowledge and assumptions and involve risks and uncertainties. Various factors could cause actual future results, performance or events to differ materially from those described in these statements, and neither Pacifico Renewables nor any other person accepts any responsibility for the accuracy of the opinions expressed in this document or the underlying assumptions. No obligation is assumed to update any forward-looking statements. Numbers might deviate due to rounding errors.

This document includes certain financial measures not presented in accordance with the German Commercial Code ("HGB") including, but not limited to, adjusted operating EBITDA. These financial measures are not measures of financial performance in accordance with HGB and may exclude items that are significant in understanding and assessing Pacifico Renewables's financial results. Therefore, these measures should not be considered in isolation or as an alternative to result for the period or other measures of profitability, liquidity or performance under HGB. You should be aware that Pacifico Renewables's presentation of these measures may not be comparable to similarly titled measures used by other companies, which may be defined and calculated differently. See the appendix for a reconciliation of certain of these non-HGB measures to the most directly comparable HGB measure.
